

Agency

This was very helpful, and all the families that had the opportunity to use it were very grateful.

This is an initiative with a lot of potential. We would have loved to be able to extend it to more families,

If you are considering a similar campaign in the future, **we would like to be part of it**, and work collaboratively to provide additional assistance to our community.

Recipients

*Yes, this was amazing and allowed me to get some items the children wanted as well as my husband and I that were not in our everyday budget. I was so blessed to be able to utilize this gift. Thank you again. **This was very easy from start to finish.***

*I was skeptical at first because who was going to just give me \$100! But I took the chance and **was really pleased when it worked so easily at the register.** I'm fostering 7 kids at the moment so the extra groceries were a huge blessing. Sign me up for any more!*

Relief at the Speed of Digital

14–21 days

Total timeframe from order to delivery to survivors at designated pick-up areas

\$10k – \$16k

Estimated cost to ship 19 pallets of bottled drinking water to survivor locations

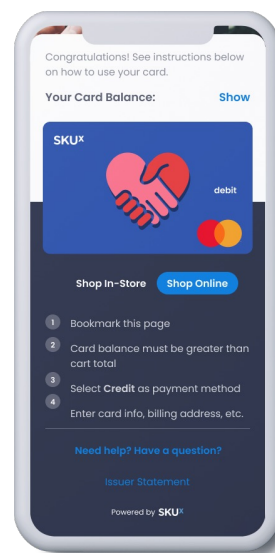

More work, less flexible

Survivors must still physically stand in lines to pick-up supplies they may or may not need

VS

2–3 hours

Total time from initial request to delivery of funds directly to their mobile device

Do more with less

Get over triple the value out of the same cost to deliver a truck of water

Fast & flexible

Disbursing digital payment relief saves valuable waiting time, provides flexibility and preserves survivor dignity
